

OUR NEW WEBSITE IS IN THE PROCESS OF RECONSTRUCTION
COMPLETION DUE SPRING 2020

Trend & Thomas Surveyors have been established since 1984. We are a privately owned company, professional, trustworthy and within the heart of the local community. Our knowledge of Rickmansworth and the surrounding areas, even extending into London and the adjoining Home Counties, is second to none. We have, and always will be here to assist our clients with professional property, survey and valuation advice.

We share the ethics and the trading name of Trend & Thomas Estate Agents offering sales and lettings services within the town centre.

We are a company regulated and registered by the RICS and thus compliant with their statutory requirements, rules of conduct, disciplinary codes, continuing professional development and training needs and financial rules and requirements including those in respect of money laundering. Trend & Thomas are members of the Expert Surveyors Group (ESG); the only UK wide experts directory of chartered surveyors designed exclusively for solicitors.

Our surveyors and valuers cover a wide physical area. We have strict postcode limits within this general area and will advise immediately if we are unable to give the service you require.

Our aim is to complete an inspection and provide an electronic or physical report within 3 to 5 working days dependant on the service requested. Some by their very nature will take longer to inspect, research and prepare.

Electronic copies of Home Buyers Reports and Surveys are given. Hard copies are available upon request but do incur a small administration charge.

Trend & Thomas Surveyors Ltd. are members of the Royal Institution of Chartered Surveyors, commonly referred to as the 'RICS'. Our surveyors and valuers are Fellows of the Institution and Registered Valuers and have over 70 years combined post-qualification experience.

We have an associated commercial agency and lettings operation and we sell, let, acquire and manage property for our clients.

In 2016 expanded our professional services to include those of Party Wall negotiation, technical building surveying and project management and it is our intention to expand further. A particular avenue of expansion has more recently been funding bids for schools' projects.

Our reputation and standing in the community is important to us and we will strive to offer the best possible service to our clients.

Our future is our clients' trust and prosperity and we will endeavour to fulfil your expectations of us.
